

Seed balls are a traditional, sustainable, and fun way to plant.

TOOLS

- Mixing bowl
- Measuring cup
- Spoon
- Drying rack

MATERIALS

- Fresh clay soil or dried clay
- Compost
- Water
- Seeds

INSTRUCTIONS

- 1. Create a mixture of 1 part clay to 2 parts compost.
- 2. Mix thoroughly with hands, slowly adding water until the mixture sticks together.
- 3. Roll into balls.
- 4. Press in seeds.
- 5. Place on drying rack and let sit until dry.
- 5. Plant by throwing the seed balls at bare parts of your garden.
